About Age International

Age International is a charity which responds to the needs and promotes the rights of older people, focused on those facing challenging situations worldwide. We are a part of the Age UK Group and are the UK member of the HelpAge global network, championing older people around the world. We are also the only member of the Disasters Emergency Committee (DEC) which specifically delivers age-focused humanitarian response in emergencies.

Age International recognises that there are increasing numbers of older people whose basic needs are not being met, and whose human rights are being overlooked, leading to increasing inequality and injustice.

We strive for a world where older people are respected and valued, their voices are heard, their contributions are recognised, their basic needs are met, and their human rights are realised.

We focus on

Rights – We champion the rights of older people, striving to create equal opportunities in society. With our partners, we help cultivate respect within communities and amplify older people's voices. We also recognise the discrimination older women face and work alongside our partners and older women to tackle this injustice through our programmes and advocacy.

Health – We work alongside local and global partners to safeguard the health, wellbeing, and dignity of older people. We help health systems meet the needs of older people, support homecare models and ensure staff have appropriate training, improve access to affordable medicines and assistive technology, and address the growing burden of non-communicable diseases.

Humanitarian support – We work collaboratively with our partners to deliver emergency supplies and support to older people in times of crisis, and ensure their needs are met. And in the face of the climate crisis, we focus on inclusive climate action – amplifying the impacts for older people, and their important role in responding to this crisis.

Working with our partner HelpAge International to deliver our work – We raise funds from the UK public and other donors, which support local partner organisations in the HelpAge global network to implement programmes directly alongside older people.

“I’m proud to work for Age International. We have a great team and a unique mission. I’ve visited older people supported by emergency response and longer-term development work: we really make a difference!”

Communications and Engagement Officer

The job, in a nutshell

This is an exciting time to join Age International. We are a small but ambitious organisation, making a significant difference to the lives of older people around the world.

We are a proud member of the Disasters Emergency Committee (DEC) and the UK member of the HelpAge global network. We advocate, raise awareness and secure funding from the UK public, government and grant makers to support programmes and influence policies that improve the lives of older people.

This role plays a central part in the high performing Communications team, ensuring UK audiences

understand the inequalities experienced by older people globally, while showcasing how Age International and its supporters are working to address these challenges.

The **Communications and Engagement Officer** works across social media, digital, internal and campaigner communications, producing engaging content - while embedding inclusive communications principles in everything they do.

What you'll do for us

Social media

- Work with the Senior Communications and Engagement Manager, and the Senior Communications Officer, to implement the social media strategy and report on progress.
- Develop and maintain a social media plan and content calendar for organic and paid activity.
- Monitor, schedule and publish content across social media channels, namely Facebook, Instagram and LinkedIn.
- Collaborate with the Individual Giving team to align organic and paid content, where appropriate.
- Monitor social media trends and make recommendations to grow engagement and reach.
- Represent Age International on the Disasters Emergency Committee (DEC) social media working group.

Digital communications

- Research, create and publish editorial and multimedia content for the Age International website, including case studies and news stories.
- Source information, including adapting, editing and simplifying technical documents into plain English for different audiences and channels.
- Assist the Communications and Fundraising teams with the development of content.

Internal communications

- Develop and deliver internal communications plans that support organisational priorities.
- Create clear, accessible and engaging content across a range of internal channels, including the monthly departmental summary reports.
- Work with Age UK internal communications colleagues to amplify Age International across all Age UK internal channels and act as the Age UK Divisional Internal Communications representative.
- Support colleagues with internal communications advice and guidance.
